NA Not available.

r Revised based on population from the decennial census for that year.

s Data for March 2001 and later use population controls based on Census :
and an expanded sample of households designed to improve state estimates
of children with health insurance.

a Children whose race was reported only as Black (Black alone).

b Any child whose reported race included Black (Black alone or in combination
with one or more other races).

1/ First year children in group quarters are not included.

* Introduction of improved data collection and processing procedures that
identify parent-child subfamilies. (See Current Population Reports, P-20
"Marital Status and Living Arrangements: March 1984," page 8.)
